MEMORANDUM FOR: Chief, Intelligence School

SUBJECT : Weekly Activities Report #18
22 - 29 April

1. Basic Supervision. Basic Supervision #40 (GS 9-11) began on 28 April with an enrollment of 17 students. The class is composed of five students from DDI, three from DDP, and nine from DDS.

2. Introduction to Supervision (GS 9-11). The experimental 20-hour course originally scheduled for last February was completed on Friday, 25 April. The general student reaction as reflected in the critiques was good. Weaknesses noted by the Management Training Faculty indicate that we must re-examine some of our methods of presentation and the scope of course content in relation to that of the Basic Supervision course. We are not yet prepared to recommend that Introduction to Supervision be made a regular member of the family of courses, but it is likely that we will do so before next fall.

3. Basic Management. Basic Management #43 (GS 12-14) concluded on Friday, 25 April. BM #44 for GS 13-15's will start on 12 May.

4. General.

Film Project. On Tuesday, 29 April, [] spent about two hours in discussing the planned films with members of the Film Production Unit.
